CONSTANT BRILLIANCE

Casio Green Slim Series

The ideal replacement projectors

The Green Slim series is the perfect choice for those looking to upgrade their existing installed projectors. An industry-leading 2x optical zoom means that a Green Slim model will replace any installed projector seamlessly, without having to change the ceiling brackets. This will help to keep budgets under control and disruption to a minimum.

The Green Slim series offers brightness levels up to 3,000 ANSI lumens – more than enough for even a large, bright meeting room – and a choice of XGA & WXGA resolution. All models have HDMI connectivity, enabling the presentation of HD content. They're light and portable, so can easily be moved between rooms if required.

New features include:

- Logo transfer/ firmware update through Micro USB port
- Lower power consumption
- Made in Japan

Models	USB/ WLAN	ANSI lumens	Resolution
XJ-A257	Yes	3,000	WXGA
XJ-A247		2,500	
XJ-A147		2,500	XGA
XJ-A252	No	3,000	WXGA
XJ-A242		2,500	
XJ-A142		2,500	XGA
XJ-A132		2,000	

WLAN | HDMI | QUICK START&STOP | MERCURY FREE LIGHTSOURCE | X2 OPTICAL ZOOM | ECO | USB | 5 YEAR WARRANTY | INTELLIGENT BRIGHTNESS CONTROL | MOBI SHOW
