New Product Summary

EPSON EB-1723

The EB-1723 will offer you two highly valuable features you need for any on the go presentations. You'll be able to project in almost any meeting room conditions thanks to its high colour light output of 2'700 lumens, packed in an astonishing 1.8kg compact body. It guarantees that you will have a great picture quality and colours at any

We've added a short throw lens in order to get a bigger picture from a shorter distance, enhancing your impact while presenting!

Perfectly projected images wherever you are

When you are on the move can you be sure the conditions will be right for your presentation? With the Epson EB-1723, clear and natural images are guaranteed in the lightest room, thanks to the innovative Epson E-TORL lamp technology which provides a Colour Light Output of 2700 lumens.

Optional Wireless Connectivity

The Epson EB-1723 can be made even more versatile with the optional wireless connectivity. Purchase the optional wireless module and connect wirelessly to your network and benefit from the most secure 802.11a/b/g wireless LAN transmission.

A truly mobile solution

Weighing as little as 1.8kg and supplied with a compact, stylish carrying case this 3LCD projector is the perfect travel companion.

Ready in seconds - simply plug and project

All that is needed to set up your projector is to plug it in, connect your source and within seconds you are ready to present. The projected image is instantly aligned thanks to automatic vertical keystone correction, and the projection level can be easily adjusted using the single foot release lever. When you have finished your presentation, simply switch off and pack away. With the instant off button there's no waiting around for the projector to cool down.

Smart & Friendly Design

- Bright images with 2700 lumens from an energy efficient, Epson exclusive E-TORL lamp
- No time wasting with quick startup, automatic vertical keystone correction and quick cool down
- 60" image from only 1.3 metres clear presentations in almost any room
- AV mute slide for more effective presentations
- Exceptional image quality through Epson's 3LCD technology
- Monitor and control through direct network connection via the optional Ethernet or wireless modules
- 3 in 1 USB Display for enhanced ease of use
- Internal 1W speaker for added audio capabilities
- **Optional Wireless Connection**

Ordering Information

Description	EB-1723 - XGA, 3LCD Projector
Part Number	EB-1723 - V11H268C40
EAN Codes	EB-1723 - 8715946456959
Carton Dimensions	TBC (D x W x H)
Carton Weight	TBC

The last two letters may vary depending on the version. See the RRP list or Trade Price lists for correct part codes.
