

PERFECT PROJECTORS FOR PERFECT PRESENTATIONS

The Epson EB-8H Series has everything you need to give a successful presentation. Providing great images and innovative features, they are easy to use and highly energy efficient.

We are committed to providing the highest performance in our projectors by integrating innovative technologies.

Wide connectivity and new features

The Epson EB-8H Series provides many features to enhance the quality of your projection experience. These include microphone input and powerful integrated speaker for a large room; USB Direct connection, which allows you to plug in the new Epson Visualiser and project a source document or 3D objects directly, as well as normal projection from a PC onto a larger screen. And so that you can focus on your audience and your presentation, all of these features are accessible from the new remote control.

Source Futuresource Consulting Ltd.

Capitalise on your network

You can remotely configure and operate the projector over your network with ease, thanks to EasyMP Monitor. For example, you can set an email alert to monitor lamp status, and have advanced notice of any problems that could disrupt your presentation.

Thanks to its wide connectivity, mobility and easy, convenient features the Epson EB-8H Series is perfect for use in educational and corporate environments.

With

Without

3LCD technology provides superb image quality with smooth and natural colour reproduction.

Our contribution to the environment

The Epson EB-8H Series is designed and produced in compliance with our environmental policy. Energy efficiency is achieved with a long lamp-life. Add in easy maintenance and the result is a low total cost of ownership which makes these projectors particularly attractive.

Environmentally friendly and cost-effective

- Minimises power consumption when not in use (timer functions, rapid power on/off)
- Reduces pollution: no paint used in production, 100% recyclable packaging
- Enjoys clear visibility in light rooms and save money thanks to the E-TORL lamp up to 6,000 hours lifetime in eco-mode

Colour Light Output, the new metric for projector brightness

Epson provides Colour Light Output specification data. Colour Light Output provides users with a simple, accurate and easy to understand way to evaluate projector colour performance.

COMPACT AND SMART

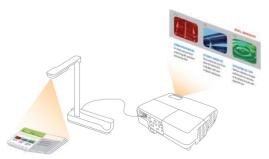

CUTTING-EDGE CONNECTIONS: USB CABLE

The easiest way to project from a PC/Mac: 2-in-1 USB display

A single USB cable, connecting the projector to your PC/Mac, combines the functions of display and Page Up/Down, halving the number of cables you need.

Connection to the Epson Visualiser: project documents and objects directly just by plugging in the new Epson Visualiser via a USB cable*.

Capitalise on your network: you can send images through LAN input and EasyMP NS connection software.
