Retractor Series/2

CABLE RETRACTION SYSTEM WITH SPEED CONTROL FOR CABLE CUBBY ENCLOSURES

▶ **Convenient, easy to install cable retraction system for Cable Cubby®, Cable Cubby Series/2, and TouchLink® Cable Cubby access enclosures**

▶ **Cables extend up to five feet (152 cm)**

▶ **Holds cable securely in place at a user-defined length**

▶ **Simple push-button release retracts cable into Cable Cubby enclosure after use**

▶ **Precise variable-speed cable retraction control provides more than 50 steps of adjustment between 1.5 and 4.0 seconds**

▶ **Engineered for long life and reliability, and tested to exceed 7,500 cable extension and retraction cycles**

▶ **Available in a variety of commonly used AV and data connectors, including HDMI, DisplayPort, VGA, PC Audio, Network, and USB**

The Extron Retractor Series/2 is a patented cable retraction and management system for AV applications. Retractor Series/2 modules feature variable-speed cable retraction control and are available in versions to support popular AV and data signal types.

Extron Electronics
INTERFACING, SWITCHING AND CONTROL

DESCRIPTION

The Extron **Retractor Series/2** is a patented cable retraction and management system designed to work with Cable Cubby, Cable Cubby Series/2, and TouchLink Cable Cubby cable access enclosures. Retractor Series/2 modules are available to support most AV and data signal types, including HDMI, DisplayPort, VGA, PC Audio, Network, and USB. When extended, cables are held securely in place at the desired length. **Retractor Series/2** cables extend up to 3 feet (90 cm), while the **Retractor Series/2 XL** – Extended Length models support cable extension up to 5 feet (152 cm).

Retractor Series/2 modules are engineered for long life and reliability in schools, libraries, conference rooms, and other high-utilization environments. The modules and cables are tested to exceed 7,500 extension and retraction cycles. A pre-loaded, continuous cable for a single signal type ensures consistent, reliable performance regardless of cable extension length. Cables retract at the press of a button, with integrator-adjustable retraction speed control for smooth operation in both horizontal and vertical mounting orientations. A four to six foot (1.2 to 1.8 meter) pigtail on the system end of the Retractor cable facilitates connection to under-table electronics or floor boxes.

Cable Cubby enclosures support from three to eight Retractor modules, depending on the size of the enclosure. The modules can be mounted vertically for ease of installation next to a table leg or desktop support. For under-table mounting applications, the TMK 120 R supports up to two Retractors. The TMK 120 R positions the Retractors close against the surface, providing maximum leg room below the installed modules and minimizing the potential for clothing snags.

COMMON FEATURES

▶ Convenient, easy to install cable retraction system for Cable Cubby®, Cable Cubby Series/2, and TouchLink® Cable Cubby access enclosures

▶ Also works with TMK 120 R Table Mount Kit for Two Retractors

▶ Cables extend up to five feet (152 cm) – Also provides a pigtail for connecting to other AV products located beneath the mounting surface.

▶ Holds cable securely in place at a user-defined length

▶ Simple push-button release retracts cable into Cable Cubby enclosure after use

▶ Precise variable-speed cable retraction control provides more than 50 steps of adjustment between 1.5 and 4.0 seconds

▶ Engineered for long life and reliability, and tested to exceed 7,500 cable extension and retraction cycles

▶ Flexible installation options – Retractor can be installed under a table or other work surface in either a vertical or horizontal position.

▶ Available in a variety of commonly used AV and data connectors, including HDMI, DisplayPort, VGA, PC Audio, Network, and USB

IN-TABLE APPLICATIONS

Extron **Cable Cubby**, **Cable Cubby Series/2**, and **TouchLink Cable Cubby** enclosures provide an elegant, sophisticated solution for the integration of AV connectivity, AC power, and control, into almost any conceivable furniture type from simple portable lecterns and desks to custom conference room and board room tables. Cable Cubby enclosures are available in a variety of sizes to support up to eight Retractors.

TABLE EDGE APPLICATIONS

The Extron **TMK 100** Series can be used to create an alternative, under-table mounting system that positions Retractors and other AV connectivity at the table's edge. The **TMK 120 R** supports up to two Retractor modules, positioning them close against the surface for maximum legroom. To complete the system with AC power or additional AV connectivity, the **TMK 120 AAP** and **TMK 130 AAP** provide a complementary mounting point for both active and passive Extron AAP – Architectural Adapter Plates.

RETRACTOR SERIES/2

UNIQUE FEATURES

▸ Cables extend up to three feet (90 cm)

▸ Provides 6 foot (1.8 m) pigtail for connecting to other AV products

Model	Version Description	Part number
Retractor Series/2 VGA	VGA; 3 feet (90 cm)	70-1065-01
Retractor Series/2 PC Audio	3.5 mm Stereo Audio; 3 feet (90 cm)	70-1065-02
Retractor Series/2 Network	Network CAT6e; 3 feet (90 cm)	70-1065-03
Retractor Series/2 HDMI	HDMI; 3 feet (90 cm)	70-1065-04
Retractor Series/2 USB	USB A to USB A; 3 feet (90 cm)	70-1065-05
Retractor Series/2 DisplayPort	DisplayPort; 3 feet (90 cm)	70-1065-07
Retractor Series/2 DC	DC Power Extension: Dell, HP, other PCs; 3 ft/90cm	70-1065-10
Retractor Series/2 VGA-A	VGA and 3.5 mm Stereo; 3 feet (90 cm)	70-1065-11

RETRACTOR SERIES/2 XL

UNIQUE FEATURES

▸ Cables extend up to five feet (152 cm)

▸ Provides 4 foot (1.2 m) pigtail for connecting to other AV products

Model	Version Description	Part number
Retractor Series/2 XL VGA	VGA; 5 feet (152 cm)	70-1066-01
Retractor Series/2 XL PC Audio	3.5 mm Stereo Audio; 5 feet (152 cm)	70-1066-02
Retractor Series/2 XL Network	Network CAT6e; 5 feet (152 cm)	70-1066-03
Retractor Series/2 XL HDMI	HDMI; 5 feet (152 cm)	70-1066-04
Retractor Series/2 XL USB	USB A to USB A; 5 feet (152 cm)	70-1066-05
Retractor Series/2 XL DisplayPort	DisplayPort; 5 feet (152 cm)	70-1066-07
Retractor Series/2 XL DC	DC Power Extension: Dell, HP, other PCs; 5ft/152cm	70-1066-10
Retractor Series/2 XL VGA-A	VGA and 3.5 mm Stereo; 5 feet (152 cm)	70-1066-11

Integrator-Adjustable Speed Control

Retractor Series/2 modules feature a precise, variable-speed cable retraction control that provides more than 50 steps of adjustment between 1.5 and 4.0 seconds. The cable extension and retraction mechanisms are separate, eliminating unnecessary strain on the cable for reliability and long life.
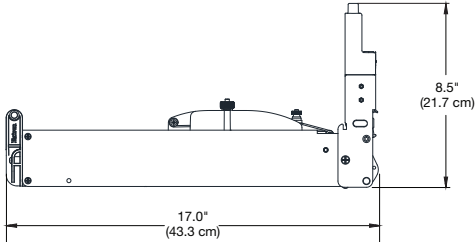

Flexible Mounting Options

When used with a Cable Cubby® enclosure, Retractor Series/2 modules can be installed vertically or horizontally, or at an angle of 30 degrees off-vertical, to fit a wide range of applications and furniture types.
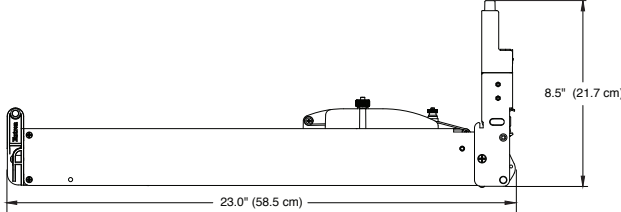

SPECIFICATIONS

RETRACTOR SERIES/2

Enclosure type	Metal and plastic
Enclosure dimensions	4.3" H x 1.2" W x 22.7" L
	(10.9 cm H x 3.0 cm W x 57.7 cm L)
	See the following diagrams for additional dimensions.
Life expectancy	Tested to exceed 7500 cycles
Warranty	3 years parts and labor including preinstalled cable assembly

8.5" (21.7 cm)

17.0" (43.3 cm)

For complete specifications, please go to www.extron.com
Specifications are subject to change without notice.

RETRACTOR SERIES/2 XL – EXTENDED LENGTH

Enclosure type	Metal and plastic
Enclosure dimensions	4.3" H x 1.2" W x 28.7" L
	(10.9 cm H x 3.0 cm W x 72.9 cm L)
	See the following diagrams for additional dimensions)
Life expectancy	Tested to exceed 7500 cycles
Warranty	3 years parts and labor including preinstalled cable assembly

8.5" (21.7 cm)

23.0" (58.5 cm)
