EXPERIENCE TRUE-COLLABORATION™
Enhance Engagement. Empower Success.
VIA KRAMER

WIRELESS COLLABORATION SOLUTIONS

Collaborate Wirelessly Anywhere

VIA makes presenting, collaborating and sharing content easier and more efficient for any size meeting room, conference room, huddle space, classroom, or training room.

CONFERENCE ROOM

## HUDDLE SPACE

TRAINING ROOM

Meet Smarter

Kramer VIA offers TRUE-Collaboration™ for any size meeting room, conference room, classroom, training room, or huddle space. Connect wirelessly with your own device, collaborate efficiently and engage effectively with everyone in the meeting.

VIA's Highlights

- Wi-Fi or LAN login
- iOS, Android, Mac and Windows support
- Full-HD 1080p60 video streaming
- Simple user interface
- 1024-bit encryption, dynamic room codes
- 4K-UHD output for VIA Collage and VIA Campus
- Multi-language support

VIA Site Management

VIA Site Management is a software application that lets administrators easily view and manage all VIA devices within the same network. You can check the status of each device, remotely maintain and configure devices and see who is logged in. You can also perform VIA software updates.

VIA PAD

Now it's easier than ever to share what's on your PC or laptop with everyone in the meeting.

Using capacitive and proximity technologies, VIA PAD lets you instantly show your screen on the main display. Just plug it in and present. No driver download.

VIA Collage

Fully-featured wireless presentation & collaboration solution for a wide range of meeting spaces

VIA Collage offers meeting participants advanced collaboration tools for a wide range of meeting spaces. With any laptop or mobile device, users can wirelessly share any size file, stream uninterrupted full HD video (up to 1080p60), turn the main display into a digital and chat with other users.

VIA Collage can show (in 4K-UHD) up to six user screens on one main display or up to 12 screens on two displays. Users can also view the main display on their own device. VIA Collage includes iOS mirroring for MacBook, iPad and iPhone and Android mirroring (Lollipop OS 5.0 or newer).

Remote users can easily join the meeting and collaborate in real time with embedded 3rd-party video conferencing and office apps.

VIA Connect PRO

Wireless presentation & collaboration for small to mid-sized meeting rooms and huddle spaces

VIA Connect PRO offers the ideal collaboration solution for small to mid-sized meeting rooms and huddle spaces. With any laptop or mobile device, meeting participants can share any size file, turn the main display into a digital whiteboard, chat with other users, and stream full uninterrupted HD video (up to 1080p60).

VIA Connect PRO can wirelessly show up to four user screens on a single main display and features iOS mirroring for MacBook, iPad and iPhone and Android mirroring (Lollipop OS 5.0 or newer).

VIA Campus

Wireless presentation & collaboration solution for education and training environments

VIA Campus offers advanced collaboration and engagement tools that enhance interactive learning in Education and Corporate Training environments. From any laptop or mobile device, students and teachers can view the main display, edit documents together in real time, share any size file, turn the main display into a digital whiteboard, and more. VIA Campus also lets teachers use e-polling and e-exams to easily and instantly measure how much students are actually learning.

VIA Campus can show up to six user screens on one main display or up to 12 screens on two displays. The solution features iOS mirroring for MacBook, iPad and iPhone and Android mirroring (Lollipop OS 5.0 or newer).

Remote students can easily join the class and collaborate in real time with embedded 3rd-party video conferencing and office apps.
