*Short Throw Projector for
flexible installation and
efficient use of room space*

NEW Short Throw XGA Projector

EX321U-ST

NEW Short Throw WXGA Projector **WIDE**

EW331U-ST

For Education

**3000
LUMENS**

3 Major Functions

1 Short Throw Projection

Using a projector in small meetings rooms used to be difficult due to insufficient projection distance. Not any more! The EX321U-ST and EW331U-ST require a mere 29.2" and 24.8" respectively for a projection of a clear, easy-to-read screen image approximately the size of a 60" whiteboard. It can be set on the edge of a tabletop, eliminating the loss of workspace commonly caused by the need to clear a path for the projection light.

Projected Image comparison (with 60-inch screen)

EX321U-ST/ EW331U-ST

Tabletop dead space is minimized, effectively leaving workspace open for documents and other items.

Mitsubishi conventional model [Projection distance of 200cm+(77"+)]

Conventional projectors require a significant amount of dead space for projecting images.

2 High Image Quality— 3000lm Brightness and 2700:1 High Contrast

The EX321U-ST/ EW331U-ST reproduces vivid images using 3000lm brightness at a high contrast ratio of 2700:1.

RoomView

3 High Reliability— 5000hr* Long-life Lamp

By increasing the estimated lamp life, we've added the advantages of lower maintenance and reduced operating cost.

Lamp Life Comparison

*When used in Low Mode. Maximum lamp life in standard mode use is 3,500 hours. It's an estimated life time and the lamp is to be shut off upon the arrival. Lamp life refers to the average time required for brightness to be reduced by half, and not the time specified in the warranty. Lamp service life may vary widely depending on the environment and conditions, and whether or not cleaning and other maintenance procedures are followed.

More Functions

- Advanced Network Management
- 3D READY
- Silent 28dB Operation (Low Mode)
- Wall Screen
- Loud 10W built-in speaker
- Direct Power Off
- Top-loading lamp*

Top-loading lamp

*1: A lamp replacement attachment is included to prevent lamp from being dropped during replacement.

● Stand-by Mode under 0.5W*2

*2: When LAN control is set to RS-232C, and "Stand-by Audio Out" and "Stand-by Monitor Out" are set to "Off."

● BrilliantColor™ *3 (6-segment color wheel) Adopted

*3: BrilliantColor is a trademark of Texas Instruments.

● 18-language On-screen Display Capable

● Closed Caption (CC) Capable

● Dual RGB Input Terminal

● Audio Pass Through
