

## Digital Signage

### SignShow D5000

#### Advanced Digital Signage *High Definition Media Player*

##### D5000 Advantage

- Up to 1080p
- Video, Image and Audio support
- Flexible Scheduling capability
- Fanless design
- Multi-cast video streaming
- Auto Content Update
- Integrated multi-standard video decoder
- Web page support
- RSS and HTML support

- Windows XP and Vista 32/64bit
- Full Preview Mode
- Drag and Drop - Video, Graphics & Sound files
- Ticker (Left to Right, Right to Left, Top to Bottom)
- Design or chose from predefined templates
- 2 x Video zones, 2 x Graphic zones, 2 x Ticker zones, 1 x Time & Date zone & 1 x Background zone

##### Flexibility

The SignShow D5000 advanced digital signage player can display up to 6 alternative media contents simultaneously in addition to a background graphic.

The content can be a combination of live video (streaming), graphic and message tickers. The player also has full network capability to allow remote management content update, scheduling and reporting.

##### Simplicity

Program Creator Software enables users to easily design, preview, publish and manage the signage message. The D5000 is ideal for businesses looking for an alternative to PC based signage systems.

##### Green

With low power fanless design and the compact size, the D5000 makes an immensely powerful solution that is easy to mount and place in most signage deployments.

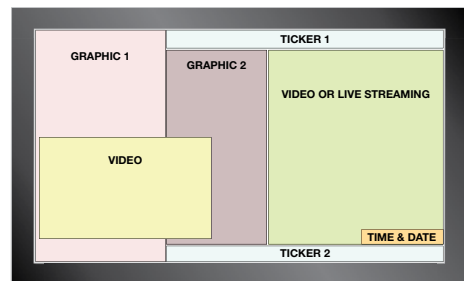

##### InfoSAP Program Creator

InfoSAP Program Creator is a Windows application program which is used to design content for the D5000 signage player. InfoSAP supports various audio, video and image file formats to meet today's business technology environment.

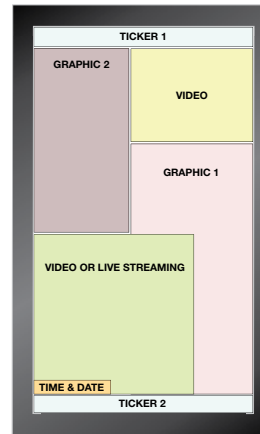

With its user-friendly Windows interface, InfoSAP makes life easy to use audio, video, graphics and tickers and combine them to play simultaneously on the same screen. InfoSAP provides sophisticated content management which makes broadcasting information or digital advertising extremely simple.

## Specifications

Model	D5000
DC Adapter	12V DC, 2.5A
Power Consumption	Power On: 15W - Stand By: 1W
OS	Linux
RTC	Schedule On/Off
RAM	256 MB
Flash	8 MB
Storage Interface	SD Card
Resolution	Up to 1080P
Operation Temperature	0 ~ 40 degree C
<b>Inputs &amp; Outputs</b>	
Video Input	S-Video (mini Dim, 7 Pin)
Video Output	DVI-I, No HDCP
Audio Input	Stereo Mini Jack
Audio Output	Stereo Mini Jack
Communication Interface with Display	RS232C 9 Pin, Tx and Rx only
Network (LAN)	RJ45, No wake on LAN function
USB	USB 2.0 Host, (Mass storage class only)
IR input for remote	Yes, alternative usage: Wired IR
<b>Content Management</b>	
Screen Layout	2 x Video, 2 x Graphic, 2 x Text Ticker, 1 x Time & Date, 1 x Background
Video	MPEG 1/2/4, WMV, H.264, VC-1, Xvid
Audio	MP3, WMA, AC-3, AAC
Graphic	BMP, PNG, JPEG
Text Ticker	Variable scrolling speed, direction and position, Single and/or Multiple lines
Playlist	Scheduling Playback, Endless Loop Playback, Auto Play after power on
Player Dimensions (mm)	248 (W) x 138.4 (D) x 34 (H)
Carton Dimensions (mm)	Inner box: 335 (W) x 252 (D) x 131 (H) Outer box: 550 (W) x 350 (D) x 278 (H)
Net Weight	0.9 kg
Gross Weight	2.3 kg

Horizontal Signage

Vertical Signage
