

3LCD portable wireless XGA projector with 2500 ANSI lumens

VPL-MX25 Portable Projector

SONY

The VPL-MX25 is the ultimate personal projector for people on the move. This projector has been designed for the style conscious professionals in a contemporary metallic chassis. Furthermore, it has been developed for maximum mobility - with a depth of 45mm and weight of only 1.7kg, it is lightweight and easy to carry. The projector's five step Advanced Intelligent Auto Set Up feature means it is quick and simple to operate. In addition, the Off-and-Go function means it can be unplugged immediately after being switched off.

By combining an optical system that incorporates Sony's new and innovative BrightEra™ with Long Lasting Optics technology and a 3LCD projection system, the VPL-MX25 delivers high picture quality in XGA (1024 x 768) resolution and a high brightness of 2500 lumens. This allows professional presentations to be delivered in virtually any setting. Built-in wireless connectivity eliminates the need for computer cables. The user experience is further enhanced by built-in Microsoft Office Viewer™ software, supporting PDF and Microsoft Office™ formats, enabling presentations to be made directly from a USB storage device. The projector also has an embedded Windows Media Player™ which supports streaming from PC, network or USB storage device.

Key Features

BrightEra™ with Long Lasting Optics technology

This is a more advanced version of Sony's original BrightEra™ technology which was developed to deliver improved panel light resistance, higher brightness, higher resolution and increased panel reliability. This new technology incorporates new inorganic polarisers.

Wireless Capability

With Microsoft Windows Vista™ wireless certification, you can connect to your PC or network wirelessly and present from anywhere in the room.

Colour Light Output – 2500 lumens

Colour Light Output is a metric that measures a projector's ability to deliver colour. Colour Light Output provides users with a simple, accurate and easy to understand way to evaluate projector Colour Performance to make better buying decisions.

Video Streaming

Seamlessly integrate video with your presentation. The embedded Windows Media Player means you can stream video files from your PC, network or USB storage device.

USB File Viewer

Save your content on almost any USB storage device, insert it into the projector and begin presenting. A Microsoft Office™ and PDF viewer is built-in for true PC-less presenting.

Ultra-portable

Weighing in at just 1.7kg with a depth of only 45mm and a magnesium ergonomic curved edge body design, it's simply the ultimate in mobility, durability and style.

Other Features

Advanced Intelligent Auto Set Up

5 step process: Auto Focus, Auto Tilt, Auto Keystone Correction, Auto Signal Input and Auto Pixel Alignment.

Off and Go

Power off, unplug and go.

Quick Start and Re-start

8 second start up and 5 second restart.

Dynamic Detail Enhancer (DDE)

Generates high quality images through the Interface/Progressive conversion processor, resulting in extremely accurate image reproduction.
