

► DIG11AU

User Manual

Thank you for purchasing this product.

For optimum performance and safety, please read these instructions carefully before connecting, operating or adjusting this product. Please keep this manual for future reference.

Surge protection device recommended

This product contains sensitive electrical components that may be damaged by electrical spikes, surges, electric shock, lightning strikes, etc. Use of surge protection systems is highly recommended in order to protect and extend the life of your equipment.

Introduction

Our DIG11AU is designed to convert coaxial or optical digital audio signals from one signal type to another. The outputs are simultaneous so audio can be distributed to multiple locations. The DIG11AU supports 192kHz sample rates for enhanced sound reproduction. This provides the perfect cost effective solution when connecting a source with only optical audio outputs to a device that has only coaxial digital inputs or vice versa.

FEATURES:

- Converts digital audio formats
- Both optical and coaxial digital outputs work concurrently regardless of input type selected
- Supports sample rates 32 kHz, 44.1 kHz, 48 kHz, 96 kHz and 192 kHz up to 24-bit resolution
- Plug-and-play
- Small compact size

Front Panel

- 1 Audio input selector (switch between Optical and Coaxial digital inputs)
- 2 Optical digital input
- 3 Coaxial digital input

Back Panel

- 4 Coaxial digital output
- 5 Optical digital output
- 6 Power port – Use supplied 5v / 1amp DC adaptor

Specifications

Audio Input Connectors: 1x SPDIF Optical audio & 1x Coaxial digital

Output Connectors: 1x SPDIF Optical audio & 1x Coaxial digital

Casing Dimensions (W x H x D): 57mm x 47mm x 22mm

Dimensions including connections (W x H x D): 57mm x 62mm x 22mm

Shipping Weight: 0.3kg

Operating Temperature: 32°F to 104°F (0°C to 40°C)

Storage Temperature : -4°F to 140°F (-20°C to 60°C)

Power Supply: 5V/1A DC

Package Contents:

- 1 x DIG11AU
- 1 x 5V/1A DC power supply
- 1 x Mounting kit

Maintenance:

Clean this unit with a soft, dry cloth. Never use alcohol, paint thinner or benzene to clean this unit.

Certifications

FCC NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION - changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

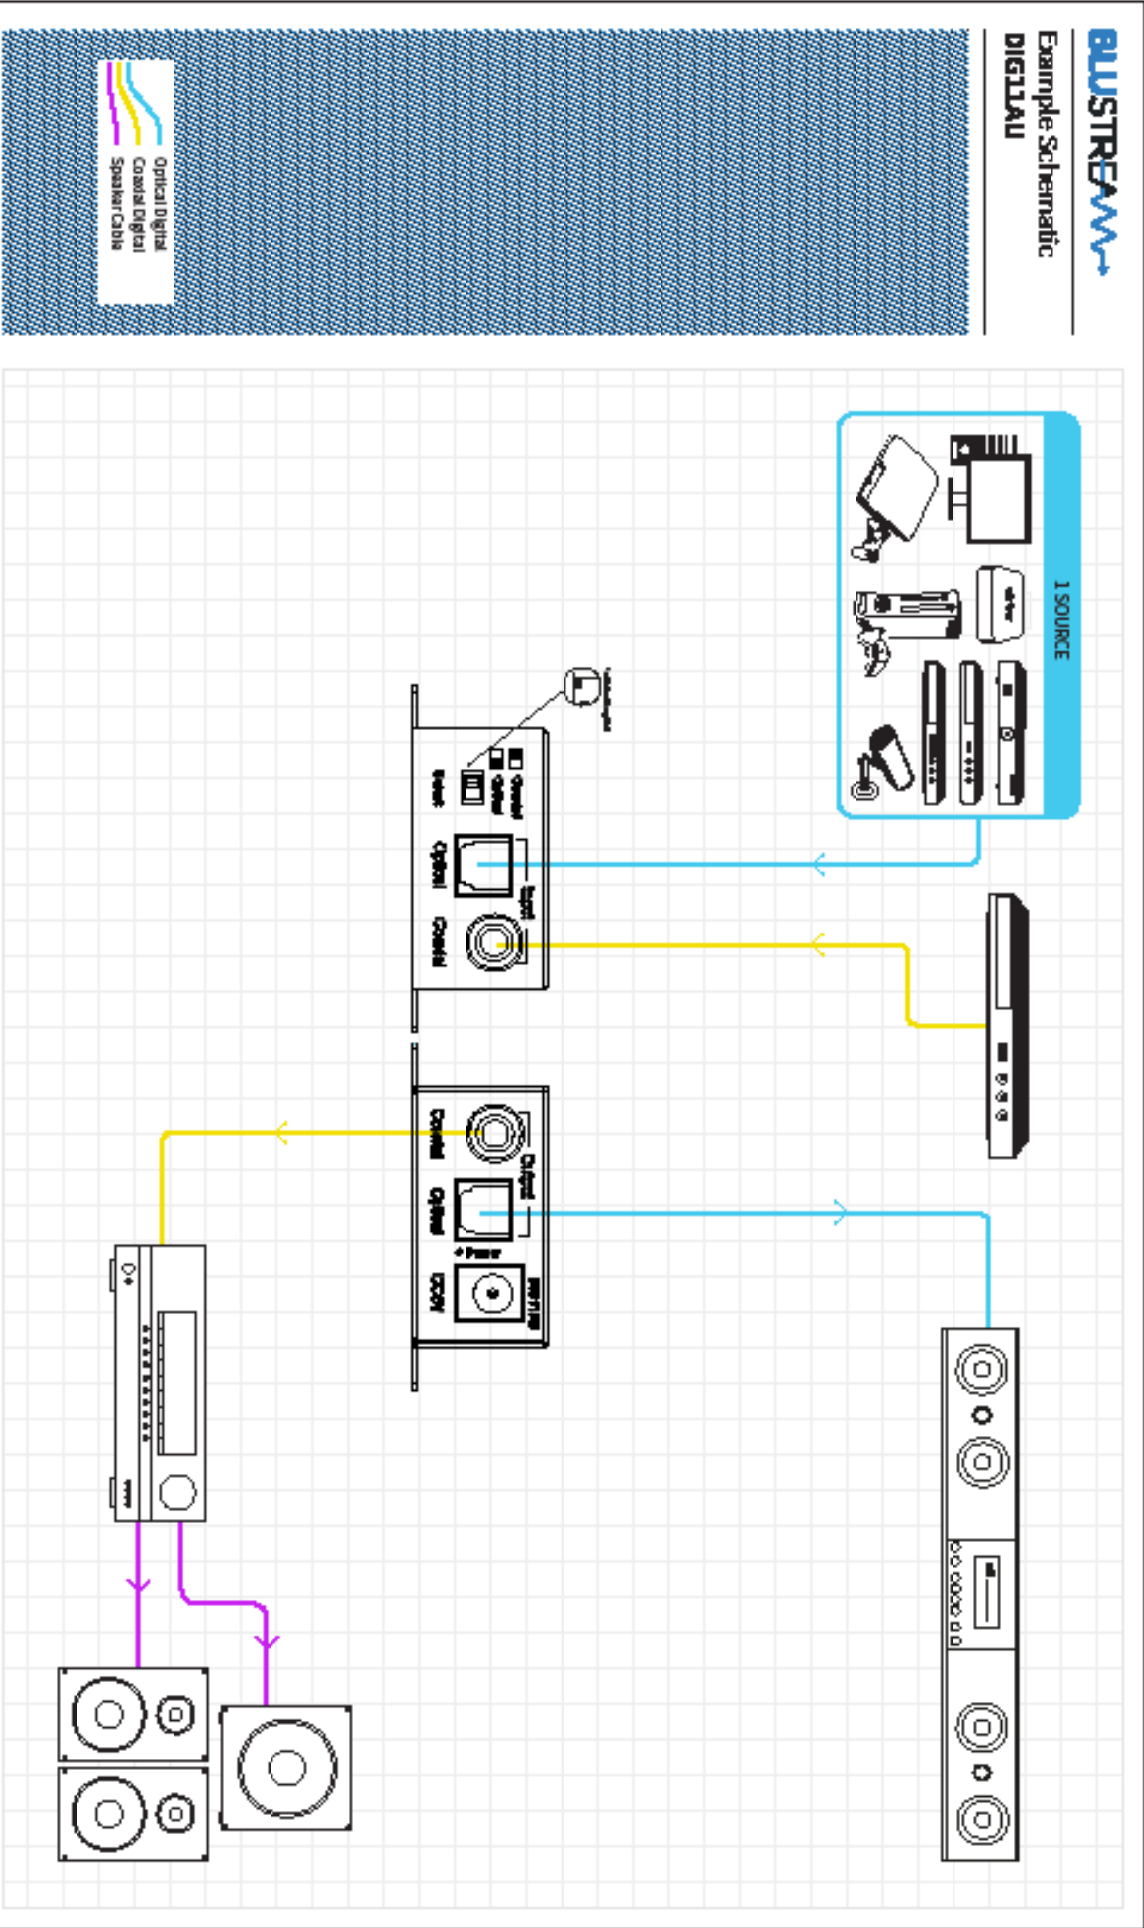

CANADA, INDUSTRY CANADA (IC) NOTICES

This Class B digital apparatus complies with Canadian ICES-003.

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

CORRECT DISPOSAL OF THIS PRODUCT

This marking indicates that this product should not be disposed with other household wastes. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmentally safe recycling.
